

I'm Eddy and **THIS IS MY RECREATION** – spending time with my dad at the recreation centre.

I'm Eri, Eddy's dad. It's so important for my wife and I to introduce Eddy to active learning through play at this early age.

Eddy loves running and jumping and climbing and playing with the gym equipment and the toys. He's acquiring valuable physical and life skills as he learns to share and cooperate with other kids. We also really enjoy meeting other families and making memories together.

Active family time – **THIS IS MY RECREATION.**
