

The Yukon Lottery Commission provides funding assistance in support of Yukoners living healthy, active lives engaged in, and having access to arts, sport and recreation. Revenue from the sale of lottery tickets supports Lotteries Yukon funding programs and Yukon government arts, sport and recreation programs.

OBJECTIVES

The Projects Fund is intended to sustain and contribute to the growth of arts, sport and recreation in Yukon by:

- increasing access and participation of all Yukon people in arts, sport and recreation activities;
- supporting individuals in developing their skills/abilities in arts, sport and/or recreation;
- enhancing community arts, sport and recreation infrastructure; and/or
- increasing organizational and community capacity in arts, sport and recreation.

FUNDING STREAMS

The Projects Fund consists of four (4) funding streams: Regular Intake, Opportunity Projects, Annual Preapproved Project Plan, and Strategic Partnerships.

Regular Intake and Opportunity Projects are application-driven:

Regular Intake: Organizations are eligible to receive funding through the regular intake once per fiscal year.

Small-Medium Projects – funding is available up to 90% of eligible project costs.

- up to \$100,000 for equipment; and
- up to \$20,000 for festivals, events, productions and other projects.

Opportunity Projects: Organizations may submit one application per fiscal year.

Funding is available for projects that are low risk, simple to execute, small in dollar value and have not already been funded by Lotteries Yukon. Funding is available for up to 100% of eligible project costs to a maximum of \$7,500. Total project costs cannot exceed \$20,000.

Annual Preapproved Project Plans and Strategic Partnerships recipients are identified by the Yukon Lottery Commission.

Annual Preapproved Project Plan:

For the Yukon Lottery Commission to consider an organization to become and remain an Annual Preapproved Project Plan recipient, the recipient and project must be assessed as low risk. The recipient must be an established, stable organization that has a proven record with Lotteries Yukon - project has been approved for at least two (2) consecutive years. The project must also be an established annual event that exhibits a high benefit to Yukoners and Yukon communities.

If an organization accepts an invitation to the Annual Preapproved Project Plan funding, this takes the place of a Regular Intake application, and they are no longer eligible to apply at Regular Intakes for as long as an Annual Preapproved Project Plan funding agreement is in place.

Strategic Partnerships:

Partnerships between the Yukon Lottery Commission and an external partner that has demonstrated success in delivering arts, sport and/or recreation activities across the territory. The organization must support other non-profits in the sector they serve, and the project must be transformative in terms of building capacity for the sector. An example of an organization identified by the Yukon Lottery Commission through the Strategic Partnership stream is Sport Yukon.

INTAKE DEADLINES AND FUNDING DECISIONS

Regular Intake: April 15 and October 15 of each year.

Applications must be received by 4:30 p.m. on the day of the Regular Intake deadline. If the Regular Intake deadline falls on a weekend or holiday, the deadline moves to 4:30 p.m. on the next business day.

Funding decisions are made approximately six (6) weeks after the intake date.

Opportunity Projects: Ongoing until budget is disbursed.

Funding decisions are made within 15 business days upon receipt of a complete application.
